

**Firstly, in my opinion** Lotteries are a waste of money. Every time we buy a lottery ticket, we have less money to buy things we need such as food or clothing

**In addition, I think** Playing the lottery is severely addictive. When you buy a lottery ticket and don't win, we may want to buy more and more tickets

**Finally, in my point of view,** Lotteries are not really a good chance to make money. We can't use our skills or abilities to win the lottery. The only thing we can depend on is luck

**To sum up, for these reasons I believe that banning the lottery is a good idea**
